Hello—

As the second part of our support for Merrimack, please see attached for a review of the 4 biological questions for 316(a) and (b). The memo addresses items 1, 2, and 4, while the attached spreadsheet completes task 3. Please let us know if you have any questions.

Based on our earlier conversations, this likely concludes the support for Merrimack for this calendar year, but we look forward to providing any assistance you may need next year.

Thanks and have a happy Thanksgiving!

Kelly

Subject: Merrimack Station secondary environmental factors review

Hello—

Please see attached for our memo reviewing the Enercon documents regarding secondary environmental factors associated with closed-cycle cooling. We look forward to your comments and would be happy to participate in any follow-up calls as needed.

Thanks

Kelly
